BOUSE GENIES NEWSLETTER INDEX 2007 THRU 2015

EXPLANATION OF INDEXING SYSTEM

To help you locate the articles easier, they are generally indexed within group headings. In some cases, a secondary group heading seemed appropriate. Several articles have been indexed twice based on content. Following the article title, the month/year or season/year and page are listed.

Some articles have no title, and are referenced in the index under their appropriate heading and a title generated for the index. Some articles are just too small and are grouped under "Hints and Tips". Therefore, you may wish to check out these listings for more information.

Some items are repeated every issue, such as "Bouse Genies News"; "Meeting Schedule"; "What's Happening"; and "From the Editors Desk." These articles are usually found towards the back of each issue and are not indexed.
